## OUR HOSPITAL IS A VERY BIG FIRE RISK

### Statement By Executive Committee Says Hospital Is "Out of Date, Too Small, a Serious Fire Risk, And Inadequate"

### ALL GIFTS TO THE HOSPITAL

### Expenses of Campaign Arranged By Campaign Committee, So Entire Amount of Each Gift From Public Will Go Directly to Building Fund for Hospital

None of the money subscribed by the public in the hospital campaign will go for expenses or for any other purpose except for the hospital building fund, it was announced this morning by General Chairman Kerfoot W. Daly, as the result of an action taken by the executive committee in charge of the campaign at its meeting yesterday noon at the Elks club.

Chairman Daly announced that all money for the expenses of the campaign, including everything, had been arranged for by the campaign executive committee making it possible to guarantee to the public that all subscriptions received during the campaign would go entirely and directly to the building fund for the hospital.

On behalf of the executive committee Chairman Daly made public an official statement adopted at the meeting yesterday which is intended to present the hospital project as a whole to the community.

The statement mentioned the present Charleroi-Monessen Hospital as "out-of-date, too small, a serious fire risk, and inadequate in every way, for the needs of this community." It says that a thorough investigation has been made of the hospital situation and that now is the best time to raise the $150,000 needed to get the building. The statement says there will be 280 workers at least in the organition, that the hospital will be located on the site of the old hospital and that every resident in the community is expected to support the undertaking.

The statement, which is official, follows in full:

Residents of this community, regardless of whether they have had occasion to use our hospital, know that the present building is unsuited, out-of-date, too small, a serious fire risk, and inadequate in every way.

A thorough investigation has been made by hospital specialists and their survey shows that the Charleoi-Monessen Hospital, despite the good it is doing, is not serving this community as it should, is not as large as it should be, is not modern or fireproof or properly equipped. The survey shows that a large number of people who are now accommodated at other hospitals at distant points could be cared for at our hospital if it were larger and more modern.

The report also shows that in this immediate vicinity more patients would be sent to the hospital by local doctors in order to guarantee the best possible treatment if the hospital were large enough and equipped properly.

To meet this situation the board of directors of the Charleroi-Monessen Hospital have appealed to the citizens of the community on behalf of the institution and we have enlisted to serve as members of an executive committee to organize and conduct the money-raising campaign to secure a building fund to build a new modern hospital large enough to meet the demands of this community.

An emergency actually exists in this community with respect to the Charleroi-Monessen Hospital and in order to meet this crisis in the life of this very necessary institution, we have volunteered to assume the leadership in the work of getting a new hospital.

Because the one we have is too small. It has only 22 bed capacity and the crowded condition then is such as to make necessary the use of halls and mixing of all kinds of patients. The State Department of Health says that we should have in this community five beds for every one thousand of population, and we do not have even one bed per one thousand of population.

The present hospital is a frame structure and is not safe.

The present hospital is not modern. It is a residence adopted to hospital purposes when it is not suited for that kind of work. It is not modern nor is it possible in any way to make it modern or make it serve the needs of this community.

While the hospital has done excellent work as it is, it is understaffed and unfit in practically every way to render the kind of service that should be expected of a hospital in a community as large as this.

When an accident or sickness befalls a member of our family, or a friend, or anyone, a resident of this community becomes ill and needs hospital service, our able representatives of the medical profession deserve to have a fireproof, thoroughly modern hospital to which they can take their patients in order to be sure that they get the very best treatment.

The residents of this community must give money or give lives. If we get the money a new hospital can be built to save lives. There is no way to save lives in many cases except by taking the patient immediately to a hospital where he can get the best possible care in addition to expert medical supervision; and the only way we can get the hospital is for every citizen to help by giving and working.

We have undertaken the work of organizing the citizens of this community into a hospital selling organization to canvass the citizens and receive gifts from them with which to erect this much needed hospital. It is expected there will be in all as many as 280 workers who will serve without pay or profit for the gain of every resident and the benefit of every unfortunate human who may use the hospital.

All money subscribed by the public to the hospital building will go entirely to the building fund. There will be no deductions of any kind for expenses, for commissions, bonuses or for any other purposes. The entire expense of the campaign has been arranged for by the campaign executive committee.

The hospital is now located on the hill at Lock No. 4, or North Charleroi, on a site that the State Department of Health has approved of because of the favorable air currents. There is over four acres of land owned by the hospital at this place. It is planned to erect the new hospital on this site. The present site has been made accessible by improvement of the road leading to the hospital, and further improvement already planned will make it even more accessi-

(Continued on Page Three)

## Not Compulsory But to Interests Of The People

Charleroi Board of Health, at its special meeting last night, called by the president adopted the following resolution:

"Owing to the prevalence of smallpox in 35 states, and a gradual increase of cases in this state, we are advised by the Surgeon General of the Public Health service to insist and urge all persons who have not been vaccinated in the past two years, to immediately do so. Failure on your part to obey the notice may result in more drastic measures and inconvenience to you in the event the disease develops in this community. Charleroi Board of Health, William L. Evans, president; John J. O'Neill, secretary."

## ATTORNEY WILEY DIED YESTERDAY

Attorney James A. Wiley, 64 years old, a member of the law firm of Wiley, Marriner & Wiley, and one of the leading members of the Washington County bar, died yesterday at Ingeside, Mich.

Decedent was a son of John and Margaret McClain Wiley, was born in Washington, where he spent his entire life. He was a graduate of Washington and Jefferson college, class of 1882; was admitted to the bar in 1886.

Mr. Wiley leaves his wife, Mrs. Alta Fulton Wiley, and the following children: John F. Wiley, Mrs. Thomas L. Armstrong, J. Alexander Wiley and Paul M. Wiley, all of Washington and three grandchildren, Monica and Lucy Armstrong, and Laura H. Wiley. He is also survived by four sisters, Mrs. Ellen W. Potter and Miss Margaret Wiley of Washington; Mrs. A. M. Buchannan, of Morgantown, W. Va., and Mrs. D. J. Hopwood of Uniontown.

## LIVES OF FOUR CRUSHED TO DEATH

Newport, Rhode sland, July 21—Lives of four passengers were crushed out, a fifth hurled himself overboard in his grief at the loss of his wife, and others of the eastern steamship company liner, "Boston," were badly injured when that vessel was rammed in the fog bound entrance to Block Island sound shortly before midnight.

The news of the horrors aboard the liner, of which 600 passengers were rescued in small boats, were brought here today when Boston disabled and taking in water through a gaping hole in starboard side was towed here. Small vessels brought in the survivors to hospitals.

The oil tanker Swift Arrow out of Falls river bound for Frisco, which crashed into the Boston in the dense spread f og off Point Judick was able to make port under her own power.

## DAVIS IS TO SPEAK FOR 20 MINUTES

Dark Harbor, Maine, July 22—John W. Davis, Democratic nominee for president, is going in for a 20-minute speech campaign. This is one of several innovations in presidential stumping that the candidate contemplates. Another is that most of his campaign addresses will be made in the evening so that those wishing to hear his more important utterances can sit at home in their carpet slippers and tune in on him.

Davis's speech of acceptance probably will be longer than most of his other speeches because it will constitute the Democratic campaign "white paper." At that, however, it probably will not run more than 4,000 words and he told his advisors he believes the 20 minute, not to exceed 30 minute speech, will take better with his patients than any long exposures.

## JEALOUS WIFE COMMITS SUICIDE BY SHOOTING SELF

Mrs. Grace Radcliffe, wife of R. Harry Radcliffe, aged 31 years, daughter of Mr. and Mrs. William Kaupp, of 433 McKean avenue, yesterday afternoon at 3 o'clock, shot herself to death in her apartments at Wheeling, West Virginia, in a fit of jealous rage.

Radcliffe and wife had quarreled over his alleged running around with another woman. The quarrel had quieted down and when Radcliffe entered the kitchen of his home he heard his wife say, "No, I'll not leave. I'll kill myself," and a moment later he heard the shot.

Mrs. Radcliffe was rushed to the Wheeling hospital, where she died at 7 o'clock last night, a bullet having pierced her lung. Her dying statement was, "Don't blame Harry. I was wrong. Tell them it was an accident. I did not mean to do it."

Three sisters, besides the parents, survive the dead woman, who are: Mrs. Thelma Gibson of Monessen, Mrs. Margaret Dwyer of Charleroi, and Miss Iona Kaupp at home; two brothers, Jack K. of Belle Vernon, and Harry Kaupp at home, also survive.

Mrs. Radcliffe, who has resided in Wheeling for the past eight years since her marriage, lived practically all her life in Charleroi, where she was widely known and highly esteemed. She was a member of the local Baptist church.

The body will arrive in Charleroi this evening. It will be taken to the home of her parents and prepared for funeral services and burial.

## TO BROADCAST MESSAGES TO SOUTH AMERICA

Pittsburgh, Pa., July 22—With every radio fan in South America eagerly listening in, three messages in Spanish will be broadcast from KDKA on three separate nights this week through arrangements made between the United Press, La Prensa, leading newspaper of Buenos Aires and the Westinghouse company.

The first message will be transmitted tonight at 9:30 p. m., eastern standard time. It will be repeated three times on the long wave at 326 meters and three times on the short wave at about 70 meters. The second message will be transmitted Wednesday evening and the third on Friday evening, and each will be read three times on both long and short waves.

Only officials of the United Press, La Prensa and the Westinghouse company know the contents of the messages, and the tests are being made to determine the efficacy of voice communication by radio between North and South American continents.

A native, South American will be employed to read the messages to insure proper pronounciation and also to provide the South American accent which is somewhat different from the pure Castillian.

The long wave signals will be transmitted from the regular broadcasting transmitting equipment of the Westinghouse company, and the short wave signals will be transmitted from the new radio experimental station only recently erected by Westinghouse at a cost of a quarter of a million dollars.

The tests are unique in that they are the first intercontinental radio tests designed especially to test the cairity of broadcast messages.

## STEAMER HAS ILL-FATED LINER "BOSTON" IN TOW

Newport, R. I., July 22.—The Fall River line steamer Commonwealth is on its way to this port with the rammed coastwise liner "Boston" in tow, according to a radio message here this morning.

## WORLD FLIGHT PLANES READY FOR 2-DAY TEST

Brough, England, July 22.—Refitted as seaplanes, with floats and new motors, America's world flight planes were ready today for a two-day test before departure for the Orkneys on Thursday.

## Camp Meeting To Be Under New Control

Protracted meetings, which have been held each summer for a number of years at the old camp meeting at Bentleyville, will this year be under entirely new management. Interest of an unusual nature has already been manifested, and great sessions are expected. The dates arranged for are August 8 to August 17, inclusive.

Rev. George W. Parkins, pastor of the Methodist Episcopal church, Finleyville, and the Rev. H. W. Lucas, of the Christian and Missionary Alliance, Washington, will be in charge. Good speakers, who will preach the gospel of the Son of Man in the old-fashioned way, and missionaries who will present the needs of the foreign lands, have been engaged. Daily meetings for young people, and also for children, will be held. The program is said to be in the hands of a committee, and will doubtless receive publicity at a later date.

## BUTCHER IN A COLLISION

George Tropner, a Donora butcher, driving a large Sedan, crashed into a Chevrolet touring car owned and operated by Frank Matsie of Finleyville at 9 o'clock last night in Monongahela. Matsie was cut by flying glass, and his wife, who was riding on the front seat, with a small babe in her arms, was gashed in an arm, but the child escaped injury. The woman was given first aid by a Monongahela doctor. The machine was damaged. Tropner was arrested and will have a hearing on a charge of reckless driving. He posted a forfeit of $50..

It is alleged that Tropner was riving at a good rate of speed.

## SOLDIERS REUNE IN BOROUGH TODAY AT CAPT. HEIN'S

Local survivors of Company D, Seventy-ninth Pennsylvania Volunteers, are holding a reunion here today. Dinner was enjoyed at 1:30 at the residence of Captain John K. Hein, who resides between Eighth and Ninth streets, Fallowfield avenue. The caterers and hostesses were Mrs. John K. Hein and Mrs. John F. Hein.

Following the dinner a business session was held, after which the veterans reminiscenced.

There are but four of the original company living in this community, of the number Jacob Wise of this place, and Squire Culbertson of North Charleroi.

The veterans' number were amplified by soldiers of other Union regiments and companies living in Roscoe, Elco, Belle Vernon, and elsewhere.

## HOLD MAN IN A FATAL ACCIDENT

Braddock, Pa., July 22— Thomas Walsh, 50, a coal operator, of Braddock, died in the hospital here today as a result of a bullet wound through the abdomen received late Saturday while in the barn in the rear of his home.

Braddock police are holding Albert Rakodesky, a junk dealer, to await the condition of Walsh. Rakodesky was said to have been showing Walsh a new revolver when it was accidentally discharged.

## HOME AND HOSPITAL CLUB LAWN FETE

The ladies of the Home and Hospital club will hold their fourth annual lawn fete on Friday evening, July 25, at Coyle's lawn, North Charleroi. A large crowd is being prepared for. The tickets are twenty-five cents, in exchange for which the patrons will receive cake, ice cream lemonade or coffee. The members of the Auxiliary of Charleroi are invited to attend as well as the public.

**FREE CHIROPRACTIC CLINIC.**
During July, I will adjust the deserving poor free of charge. Monday and Saturday from 1 to 2 P. M. Dr Anna Stephanko. 38tf*

## BUILDING COMPANY MEETS; ORGANIZES

### Stockholders of the Charleroi Home Building Company, After Concluding the Purchase of McKean-Sphar Grounds

### COMPANY TO BUILD HOMES

### Engineers Will Be Employed to Survey And Lay Out a Plan of Lots Immediately—Lots to Be Sold, Not For Speculation, But For Building Purposes

At a meeting of the stockholders of the Charleroi Home Building Company held yesterday in the rooms of the Chamber of Commerce, the folowng board of directors were elected: Kerfoot W. Daly, George W. Might, Louis Collins, R. H. Rush, John B. Schafer, S. L. Woodward, R. Carl Mountser, Robert Sphar, Walter Byerly. After the election the directorate of the company organized by the election of the following officers: John B. Schafer, president; Walter Byerly, vice president; George W. Might, secretary; Kerfoot W. Daly, treasurer. A charter will be applied for, and the company will apply for incorporation in the sum of $150,000. The present issue of stock has been sold.

The meeting of yesterday was the culmination of a project heretofore mentioned in the Mail—that of the purchase of 27 acres of ground, the property of the McKean-Sphar heirs, and the deal having been closed, the property will be taken over at once. Engineers will be employed to survey and lay out a beautiful plan of lots immediately.

The company expects to build homes. The idea is not to sell lots for speculation, but to sell lots for immediate building purposes, only. Charleroi needs home, not vacant lots.

Speers borough has applied to the state authorities for permission to sewer, and the gas, electric light, and the water companies have promised to extend their lines to the acreage. State authorities have been here and put the stamp of approval on the purposed project.

## IN THE LOCAL POLICE COURT LAST NIGHT

Burgess J. Bryant Tyssing had the hearings last night of five violators of the parking ordinance and two for the violation of the health ordinance. A portion of the parking offenders were assessed; others were discharged. The violators of the health ordinance were discharged.

## FEDERAL FORCES START BOMBARDMENT

Buenos Aires, July 22.—Brazilian federal forces started a heavy bombardment of rebel positions in Sao Paulo city late yesterday, according to a radiogram received by the United Press from the Munson liner Pan America at 1 a. m. today.

There have been heavy casualties among the civilian population, the radio said. There is no mention, however, of any Americans having been killed.

All railroads leading into Sao Paulo city have been cut and the famous coffee capital now is beleagured on practically all sides.

Some mob depredations are reported, indicating the population may have got out of control of the rebel government temporarily. These disorders, however, are reported being checked ruthlessly.

Big American packing plants in Sao Paulo, including the $20,000,000 Armour plant built during the World war, are reported undamaged.

Other reports reaching here say the federal forces have brought up several additional airplanes which are flying daily over Sao Paulo city when weather permits. It now is the middle of the winter south of the equator and the weather around Sao P aulo has been cold and rainy.

## AN ENGINEER IS AMONG THE DEAD

Elbert Bunting, 49 years old, died at the McKeesport hospital Sunday morning of a complication of diseases.

He was employed by the Donora Southern railroad as an engineer on a moving crane. There survive his widow and two daughters, and three sisters, one of whom is Mrs. Merle McIntosh of this place.

**ATTENTION.**

## HOME AND HOSPITAL CLUB LAWN FETE FRIDAY

Friday evening, at Coyle's Field, Lock Four, the ladies of the Home and Hospital club will hold a lawn fete for the benefit of the hospital. All kinds of home made cakes, pies and candy. Coffee, lemonade, and all kinds of soft drinks. 39t5*

**NOTICE.**
Round and square dancing every Thursday night at Lone Oak, 2½ miles from Monongahela on Bentleyville road. Star Orchestra of Uniontown will furnish the music. Everybody welcome. 40t3*

## Saturday Night Fire Destroys A Bentleyville House And Contents

Fire of unknown origin late Saturday night destroyed the home of Newton Cameron, near the camp-meeting grounds, with its entire contents. The family was away from home at the time of the fire and nothing from the house was saved.

Mr. Crumrine was lying on the porch, the rest of the family being away. He fell asleep and was awakened by the smell of smoke. Looking in the house he found it all ablaze and was unable to do anything. Help was summoned but by the time it arrived the fire had made such headway that nothing could be brought out.

Everything was destroyed, the family saving only the clothes they were wearing at the time. The loss will be about $5,000. Mr. Crumrine carried $2,500 insurance on the house and contents.

## One Of The Alleged Slayers Of W. A. O. Cratty Died Yesterday Afternoon

Willie Smith, 25 years old, colored, of Monesesn, one of the alleged slayers of Constable W. A. O. Cratty of North Charleroi, died yesterday afternoon in the Memorial hospital, Monongahela, from gunshot wounds he received in a gun fight with the [illegible].

Opinion prevails that Smith is the man who fired the two shots which caused the death of Constable Cratty. The gun battle occurred when Mr. Cratty attempted to arrest Smith and his companion, Robert Marshall, on the Charleroi-Monessen bridge last week.

It is said that Mr. Cratty, who had been following the colored men, called to them that they were under arrest, when one of the men opened fire. The other is said to have raised his hands at the constable's command but the duel started. The two men game, in which, it is alleged, both became involved. A number of shots were exchanged between the colored men and the constable. Smith, who was hit, ran down the bridge to the steps to the railroad tracks below, passing at least one citizen of this [illegible]. Constable Cratty, in the shooting, received a bullet through the groin, which severed an artery, the officer bleeding to death. He was also shot in the leg.

Smith was captured at West Columbia, and taken to the Memorial hospital. It was at first thought that his death was but a matter of a few hours or days, but he showed remarkable vitality, and at one time it was thought he might [illegible]. Marshall, the alleged [illegible] being kept in the [illegible] a few days.

# IN THE WORLD OF SPORT

## Pittsburgh Divides Double Bill With The Brooklyn Dodgers

Slicing a double-header with the Brooklyn Dodgers yesterday the Pirates were successful in retaining their hold on third place. The New York Giants at the same time dropped another contest in Cincinnati, and the distance between Pittsburgh and the top of the heap was cut to ten full games. The Robins copped the first section of the Forbes Field bargain, 6 to 2. Then Bill McKechnie's cohorts got revenge to the tune of 4 to 2. The even divvy was witnessed by 15,000 fans.

Pie Traynor delighted the audience in the second part of the entertainment by bouncing a long homer into the right field open stand and although the runways were unoccupied when the punch was delivered and two were gone at the time, this magnificent drive had the effect of furnishing a tip to the foe that a real battle was in store.

Jimmy Johnston injured one of his legs in a play at second base early in the first clash and Joe Klugman looked after the keystone staton for the Dodgers during the greater part of the afternoon. This youngster, however, struck out twice in the opening engagement and twice more in the next affair. Bernie Neis subbed for Zach Wheat in left field in the three last chapters of the first game and Bernie batted for Klugman in eighth inning of the evening session, Ivan Olson holding down his old accutomed station for a brief period.

Dazzy Vance held the Buccos to six hits in the first part of the wash-day bargain and although two of these blows following a base on balls in the fifth inning, were made to count, a bt of bad fielding helped the visitors to forge ahead in the seventh the damage was not mended. Bill McKechnie came back with Lee Meadows who had worked less than two rounds on Saturday, but after hurling effectively for five chapters, the bespectacled Corsair was batted steadily toward the finish and Big Eddie Pfeffer had to go to his rescue in the ninth before anybody was out.

## DONORA TEAM THE SAME THAT DEFEATED HOMESTEAD GRAYS

Te Donora Athletics come here tomorrow night for a game with the Charleroi Independents, the contest being scheduled for 5:30 o'clock, slow or standard time.

It may be well to remark en passe, that the Donora Athletics, a colored organization, has had pheromenal success on the diamond this year, losing but very few games. Last year this club beat the Homestead Grays, to give the reader a line on their ability. In Wheeler they have a very promising pitcher, and they are strong in all departments.

Manager Mathers will pitch Beatty and he has signed the former catcher of the Valley Independents of Allenport, one of the best backstops in this section, a good catcher and a heavy batter. The game promises to be close and interesting, and well attended by people of the community, inclusive of colored folk.

### CARD OF THANKS.

We desire to thank our dear friends and neighbors for their many deeds of kindness during the illness and death of our uncle, Loman Duvall. We extend our heartfelt thanks to those who sent such beautiful floral tributes, to those who so kindly donated their cars, to Rev Homer Clark and Rev and Mrs. Harry McGuire and to those who sang.

Mr. and Mrs. C. F. Frocheur.
Mr. and Mrs. Bert McNatt.

## 'CHANGING HUSBANDS' A PICTURE OF MERIT

It is quite evident that there was no serious intent behind the production of "Changing Husbands," the new Paramount picture that opened at the Coyle Theatre last night. It was made entirely in the comedy vein for laughing purposes only. And yet we have a feeling that every girl who is married and every girl who wants to be married is going to get excited over this photoplay because it deals with a fundamental feminine problem, the question of getting the most out of life, whether as a wife or in pursuit of a career. Make it your business to see it.

Leatrice Joy, who enacts the dual role of the rich wife and her double, the actress, rises to heights never before reached in any of her former screenplays. All of the delightful personality of this talented arust is brought to the fore, and it is difficult to choose between her portrayal of the society matron and her characterization of the actress. Victor Varcon, Raymond Griffith, ZaSu Pitts, [illegible] and Hyde Hoen Duval and William Boyd make up the excellent supporting cast. Frank Urson and Paul Irbe, as associate directors, produced the picture, and Cecil B. De Mille personally supervised it.

## OPEN NEW LINKS ON THURSDAY

The new 18 hole golf links at the Uniontown Country club will be in play for the first time next Thursday, when the golf team of the Nemacolin Country Club goes there to match shots with the Uniontown men. Nemacolin will take a contingent of more than 50 players, and to afford room for the same number of Uniontown men to meet them necessitates expansion of the old nine-hole layout, at least temporarily.

This will be done Thursday by using temporary greens on several of the new holes, only six of the ten new greens being in condition for tournament play at present. Winter rules will be used in six of the new fairways and the arrangement will be of a temporary nature only, to accommodate a total of possibly 30 four-ball matches that will be doing the course.

## "PAGAN PASSION" AT THE MAJESTIC

Pagan Passions, the throbbing photodrama which makes its premier in Charleroi Wednesday and Thursday in the Majestic theatre, where it will remain two days, proves once more that it takes a woman to really understand another woman and to explain her clearly to any one who may be interested.

Although the authoress of Pagan Passions, Grace Sanderson Michie, is little more than a girl, being still in her twenties, she has a deep insight into the souls of her sex. She has, also, the great gift of visualizing her knowledge for all the world to see. In Pagan Passions she takes a woman caught in the insidious web of the [illegible] into the mire and then shows how the long dormant mother love raises her to the supreme act of self-sacrifice.

Mrs. Michie not only wrote Pagan Passions, but she went to Hollywood and supervised production. The result is said to be a photoplay of rare charm and interest.

Colin Campbell directed the picture and the cast consists of such screen notables as Wyndham Standing, Rosemary Theby, Tully Marshall, Sam De Grasse, Raymond McKee, Barbara Bedford and June Elvdge.

Are You Interested in Investments?

The United States Department of Justice reports that $100,000 a day is lost by investors in fraudulent stock schemes.

Such a staggering total would be unheard-of if every would-be investor would go calmly to his local banker and request the advice which he is equipped to give on the merits of proposed investments.

Such advice is available at this Institution to every resident who is interested in investments.

Bank of Charleroi and Trust Company

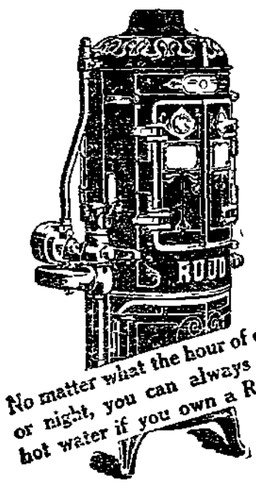
Pay Only Once

"ALL right so far" is the measure of service of most home hot water systems. A limited supply of hot water—often loaded with rust, is the result—and the cost is greater than you will pay for Ruud Perfect Hot Water Service.

Get a Ruud. Have steaming, gushing, rust-proof hot water—at the turn of a faucet—all you need—where and when you want it. Ask about the small down payment and the easy terms that install the Ruud.



No matter what the hour of day or night, you can always get hot water if you own a Ruud.

Pay for the Ruud as you use it.

### The Oceanic Ladies' Quintet

This is an orchestra with a history. Two of the young ladies devoted almost a year to the entertaining of our soldiers in France and England. The members of the orchestra were honored by being chosen from more than fifty organizations to represent American lady musicians in a concert trip to the Antipodes, giving more than eighty concerts in New Zealand. Three of the young ladies are still in the Quintet, Miss Ferguson, Miss Ericksen and Miss Truitt.

### Miss Lindsay and "Sultan"

An unusual treat is in store for children of all ages on the last afternoon, when Miss Emma B. Lindsey will present "Sultan," the cleverest of trained ponies. "Sultan" is as affectionate and intelligent a four-footed friend as a lover of animals could desire. He is a pony with a thoughtful eye, a clever brain and an apparent sense of humor.

### O. H. Benson

Mr. Benson as the originator and organizer of boys' and girls' work clubs, Junior Extension clubs, and as a well-known lecturer, has attracted the attention of men and women high in the affairs of the nation, many of whom have personally co-operated with him in carrying on his splendid work among the youth of the country.

# WE ANNOUNCE!

## An Official Statement

**An Urgent Civic and Humanitarian Cause.**

Residents of this community regardless of whether they have had occasion to use our hospital, know that the present building is unsuited, out-of-date, too small, a serious fire risk, and inadequate in every way.

A thorough investigation has been made by hospital specialists and their survey shows that the Charleroi-Monessen Hospital despite the good it is doing, is not serving this community as it should, is not as large as it should be, is not modern or fireproof or properly equipped. The survey shows that a large number of people who are now accommodated at other hospitals at distant points could be cared for at our hospital if it were larger and more modern.

The report also shows that in this immediate vicinity more patients would be sent to the hospital by local doctors in order to guarantee the best possible treatment if the hospital were large enough and equipped properly.

To meet this situation the board of directors of the Charleroi-Monessen Hospital have appealed to the citizens of the community on behalf of the institution and we have enlisted to serve as members of an executive committee to organize and conduct the money raising campaign to secure a building fund to build a new modern hospital large enough to meet the demands of this community.

An emergency actually exists in this comumnity with respect to the Charleroi-Monessen Hospital and in order to meet this crisis in the life of this very necessary institution, we have volunteered to assume the leadership in the work of getting a new hospital.

**Why a New Hospital?**

Because the one we have is too small. It has only 22 bed capacity and the crowded condition there is such as to make necessary the use of halls and mixing of all kinds of patients. The State Department of Health says that we should have in this community five beds for every one thousand of population and we do not have even one bed per one thousand of population.

The present hospital is a frame structure and is not safe.

The present hospital is not modern. It is a residence adapted to hospital purposes when it is not suited to that kind of work. It is not modern, nor is it possible in any way to make it modern or make it serve the needs of this community.

While the hospital has done excellent work as it is, it is understaffed and unfit in practically every way to render the kind of service that should be expected of a hospital in a community as large as this.

When an accident or sickness befalls a member of our family, or a friend, or anyone, a resident of this community becomes ill and needs hospital service, our able representatives of the medical profession deserve to have a fireproof, thoroughly modern hospital to which they can take their patients in order to be sure that they get the very best treatment.

**Dollars or Lives.**

The residents of this community must give money or give lives. If we get the money a new hospital can be built to save lives. There is no way to save lives in many cases except by taking the patient immediately to a hospital where he can get the best possible care in addition to expert medical supervision; and the only way we can get the hospital is for every citizen to help by giving and working.

**Organization.**

We have undertaken the work of organizing the citizens of this community into a hospital selling organization to canvass the citizens and receive gifts from them with which to erect this much needed hospital. It is expected there will be in all as many as 350 workers who will serve without pay or profit for the gain of every resident and the benefit of every unfortunate human who may use the hospital.

**Where the Money Goes.**

All money subscribed by the public to the hospital building will go entirely to the building fund. There will be no deductions of any kind for expenses, for commissions, bonuses or for any other purpose. The entire expense of the campaign has been arranged for by the campaign executive committee.

**Location.**

The hospital is now located on the hill at Lock No. 4, or North Charleroi, on a site that the State Department of Health has approved of because of the favorable air currents. There is over four acres of land owned by the hospital at this place. It is planned to erect the new hospital on this site. The present site has been made accessible by improvement of the road leading to the hospital, and further improvement already planned will make it more accessible by the time the hospital is constructed.

**Amount to Be Raised.**

It is necessary to have $150,000 at the very least to build the kind of hospital that this community should have. Over $200,000 should be raised and if that amount can be secured now it may prevent another campaign at a later date or may make unnecessary some other plan of raising the money to finish the building and equip it.

**Terms of Payment.**

Individual subscribers, firms, corporations and organizations subscribing to the building fund will be expected to pay their subscription within from one to five years. Because money is needed at once to start work, it is hoped that as many as possible may complete payment of their subscriptions within one year; but those who wish to make larger subscriptions may have five years time if desired, in which to pay. All payments will be paid quarterly.

Employes of the mines and industries subscribing as a group through the company for which they work, will be expected to pay so much monthly and complete payment of their subscriptions within one year.

If any employes of the mines or mills are out of work during the year covered by their subscription, the length of time in which their subscription is to be paid, will be extended to correspond with the length of time they are not working.

In the spirit of full cooperation for those employes who work in the mines and mills, it has been decided to give such subscribers to the building fund credit on their hospital bills for whatever sum they subscribe to the building fund.

**Personal Responsibility.**

Everyone who lives or works in this community will benefit from this new hospital, so it is expected that everyone who is able, will give—and give to the limit. It is only by everyone subscribing for all the money they can possibly give, that we will be able to raise the necessary building fund. Some will give more than others, but everyone is expected to give, especially since it is a civic and humanitarian undertaking that may at any time be the means of saving lives.

**To Succeed.**

As an executive committee we have accepted leadership in this campaign with the expectation that we will have the active co-operation of the citizens of Charleroi and vicinity with their time in working and with their gifts. That means we expect every citizen to give; and in addition, we expect every citizen to work in whatever capacity requested. We had no choice in the kind of service we are giving, and we feel justified in expecting, therefore, that other citizens will in the same manner do their full part. This campaign is not a one-man or a few-men proposition. The executive committee cannot and will not try to do everything. The responsibility for victory rests with every individual in this community. The project deserves the active assistance of every business man and citizen.

## ARTERIES OF COMMERCE.

The building of the Stockdale-Coal Center highway, within the province of the authorities of Stockdale, Roscoe, Elco, and Allen township, leaves no recourse but for them, if they follow in the trend of public sentiment, but to get busy.

This road is but one of a number of arteries of commerce that is to be built or improved in Washington county. From time immemorial highway construction and improvement have been momentous questions and their solutions have interested and invited the attention of the brightest minds of the country. Rome has its Appian Way, and Pennsylvania, for example, its Lincoln highway, and the need for more and better roads transcends many important propositions in which counties and the state are involved.

The need of better highways cannot be successfully controverted. If a county or state does not have good roads, the populous areas, towns or cities, cannot hope to progress in the commercial world. With the fast vehicular traffic of today, much of the transportation is being done by automobile truck and by other methods which formerly moved by slow-moving freight. Legislatures and county commissioners are behind the project to give us more and better roads, and those who have the power of franchise should exercise their privileges at the ballot in the affirmative when the proposition, reasonable in its nature, has for its object highway improvement.

## WANTON DESTRUCTION

One of Charleroi's prominent ladies informed an equally prominent councilman that boys have wantonly destroyed flowers and her property; that the habit is not the unusual, but a common occurrence in the borough.

The fact that boys destroy flowers, is indicative that those committing the act are devoid of the beautiful in nature; and when they destroy property, the lack of parental authority and restraint in the home. A boy who will destroy a beautiful flower, is sadly in need of instruction of the finer sensibilities and refining influences of life. This applies equally as well to property interests.

In our opinion the boy oft rules household in this day and age, and not the household the boy. Parents apparently, or many of them, seem to have no control of their offspring, allowing them to run wild and at will. As a consequence, the children do not respect their parents, ignore parental authority, and pay no attention to admonitions and advice.

If the foundation for a child's future does not begin at home, where does it begin? The schools and the church are agencies, but the foundation of character begins and is truly typified in the home. But don't expect the child to conform to morality when a laxness in this respect exists in the heads of the home. Set for the child moral precepts and let him know that honor and uprightness are better than gold, and there will be fewer flowers despoiled and yards desecrated in Charleroi.

According to President Saner of the American Bar Association, "there are now pending in Congress nearly 100 proposals to amend the Constitution, practically all of them conceived, fostered and urged by highly organized bureaus or assaciations; virtually all of them strike at the fundamental principles of our Government, and many of them are fostered by the selfish interests of minority factions for purposes purely selfish." Obviously these "interests" work for Constitutional amendments rather than for laws because the latter can be changed and the former will make their grip permanent. And of course all the power of these "bureaus or asso- [illegible] awakening of the public to this menace to popular government.

In England an arrested murderer agreed to "tell everything about it" after he had had "some tea." In America the solace of a cigarette would have been chosen in most cases.

There are continuing disturbances in the land of Teapot Dome, the failure of the Wyoming shanks in two

# Liver Troubles

Often become chronic through the continued use of Calomel, Salts and other powerful purgatives. Avoid these if you want to live to a ripe old age. Gently stir up the liver nature's way with one or two Lebanon Herb Tablets and you'll correct and tone up the stomach and get rid of Biliousness and Constipation. Guaranteed. All druggists—35c. Wagner's Pharmacy can supply you.

# THIS WOMAN'S MARVELLOUS RECOVERY

## All Due to Lydia E. Pinkham's Vegetable Compound

Truman, Minn.—"I was badly rundown, had pains in my side and back; sometimes I could hardly move around in bed. My husband got me Lydia E. Pinkham's Vegetable Compound, and after taking it I was so much better I could do all my work again. I do my housework, have a garden, raise chickens, and in harvest time I worked in the field and helped pick corn. Sometimes I do chores and milk. I took the Vegetable Compound before and after my four-months-old baby was born, and it has always helped me wonderfully. I believe there is no better medicine made for women, and I hope every woman will give it a fair trial."—Mrs. AUGUST R. WIEDERHOFT, R. No. 2. Box 84, Truman, Minn.

Women suffering from troubles so common to their sex should give Lydia E. Pinkham's Vegetable Compound a fair trial.

The Lydia E. Pinkham's Vegetable Compound has relieved women of such troubles for the past fifty years. For sale by druggists everywhere.

# The Personal Side

Duncan Berryman of Lookout avenue, is a business caller in Pittsburgh today.

Miss Virginia Anderson of Monessen is visiting at the home of her grandparents, Mr. and Mrs. A. C. Anderson of Crest avenue.

Miss Genevieve Klein of Brookville, is spending her summer vacation with her aunt and uncle, Mr. and Mrs. John B. Schafer of McKean avenue.

Miss Anna Tomayko of Lookout avenue is attending the Pittsburgh Chronicle Telegraph Bird House Contest picnic being held at the Olympic park McKeesport today.

Mrs. George Sewell, daughter Grace of Fallowfield avenue and Miss Faye Allsopp of Washington avenue, visited with relatives in Bellvue and Avalon, yesterday.

Miss Anna Hanger of Greensburg has accepted a position as seamstress at the store of John W. Berryman & Son, filling the vacancy left by the resignation of Mrs. G. M. Stewart of McKean avenue.

Mr. and Mrs. George B. Thompson of Jersey City, New Jersey, former residents of Charleroi, motored here to spend a few weeks' vacation with their daughters, Mrs. Roy Acker and Mrs. Edna Dainty of Seventh street.

Mrs Esther Zeidman, daughters Marcella and Ailene and son Julius of Chicago, Illinois, are guests at the home of Mr and Mrs. David P. Zelenski of 617 Washington avenue.

Mrs Wilbur Phoring and daughter Marie of Pittsburgh, spent Sunday afternoon wth Mrs Herbert Pegg, who is a patient in the Charleroi-Monessen hospital.

Miss Matilda Moniot of Oakland avenue, who recently underwent an operation for the removal of the appendix in the Charleroi-Monessen hospital, is getting along satisfactory, and is expected to be removed to her home this week. Alfred Moniot, a brother of Miss Matilda, who has returned from Cresson sanitarium, also underwent an operation for a bad case of tonsils, which proved successful.

## OUR HOSPITAL IS A BIG FIRE RISK

(Continued from First Page)

ble by the time the hospital is constructed.

It is necessary to have $150,000 at the very least to build the kind of a hospital that this community should have. Over $200,000 should be raised and if that amount can be secured now it may prevent another campaign at a later date or may make unnecessary some other plan of raising the money to finish the building and equip it.

Individual subscribers, firms, corporations and organizations subscribing to the building fund will be expected to pay for their subscriptions within one to five years. Because money is needed at once to start work, it is hoped that as many as possible may complete payment of their subscriptions within one year; but those who wish to make larger subscriptions may have five years time if desired, in which to pay. All payments will be equal and will be paid quarterly.

Employes of the mines and industries subscribing as a group through the company for which they work, will be expected to pay so much monthly and complete payment of their subscriptions within one year.

If any employees of the mines or mills are out of work during the year covered by their subscription, the length of time in which their subscription is to be paid, will be extended to correspond with the length of the time they are not working.

In the spirit of full consideration for those employees who work in the mines and mills, it has been decided to give such subscribers to the building fund credit on their hospital bills for whatever sum they subscribe to the building fund.

Everyone who lives or works in this community will benefit from this new hospital, so it is expected that everyone who is able, will give—and give to the limit. It is only by everyone subscribing for all the money they can possibly give, that we will be able to raise the necesary building fund. Some will give more than others, but everyone is expected to give, especially since it is a civic and humanitarian [illegible] may at any time be the means of saving lives.

As an executive committee we have accepted leadership in this campaign with the expectation that we will have the active co-operation of the citizens of Charleroi and vicinity with their time in working and with their gifts. That means we expect every citizen to give; and in addition we expect every citizen to work in whatever capacity requested. We had no choice in the kind of service we are giving, and we feel justified in expecting [illegible] citizens will in the same manner do their full part. This campaign is not a one-man or a few-men proposition. The executive committee cannot and will not try to do everything. The responsibility for victory rests with every individual in this community. The project deserves the active assistance of every business man and citizen.

# In Society's Realm

For the benefit of the Sunday school picnic of St. Jerome's Catholic church to be held at Oakland Park next month, the members of the Catholic Daughters of America are holding a card party this evening in the lyceum. The admisson will be fifty cents. Mrs. Margaret O'Brien, regent, and Mrs. Lydia Byrne will be in charge of the affair while Mrs. William McBride is chairman of the prizes. A large crowd is anticipated.

A pretty July wedding of unusual local interest took place Friday, July 18, at the home of the bride's parents when Miss Helen Haberstroh, daughter of Mr. and Mrs. Louis Haberstroh of Juniata, near Altoona, became the wife of Dr. Walter W. Schmidt, prominent physician of Charleroi, and son of Mr. and Mrs. William Schmidt of Crafton Heights, Pittsburgh. The bridal pair are now [illegible] pect to be in Charleroi August 1, to go to housekeeping in their newly furnished apartment at 417 McKean avenue. The groom, who has built up a successful practice in Charleroi during the four years of his stay here is very wellknown and held in [illegible] while his bride, a nurse, is a popular young woman of Juniata.

A very happy reunion of the Lowstuter family was held at the home of Mrs. Sara A. Green of Lookout avenue Sunday, when she entertained her six brothers and their families at dinner. Those present were Rev. Dr. W. J. Lowstuter, Professor of New Testament at the Boston University school of Theology, who preached at the Methodist Episcopal church Sunday. Mrs. Lowstuter and son Robert of Boston, Mass., J. W. Lowstuter of Jeannette, Mr and Mrs. Thomas E. Lowstuter of Belle Vernon, Mr. and Mrs. Harry F. Lowstuter and sons Lynn and Allison of North Charleroi, Mr and Mrs. J. C. Lowstuter, Charleroi, Mr. and Mrs. D. W. Lowstuter and children, Philip and Esther of West Brownsville, Mr. and Mrs. George W. Lowstuter, and Mr. and Mrs. Walter Robertson of Monessen, Ed. Lowstuter of Uniontown, Mr. and Mrs. Lambert Heaton, sons Glenn and Jack and daughter Margaret, Mr. and Mrs. Henry Lowstuter, Mr. and Mrs. Charles Lowstuter and daughter Marcia, Mr. and Mrs. William Lowstuter. Miss Genevieve Lowstuter and A. Baker Green, all of Charleroi.

## LONE PINE PEOPLE CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. James E. Reynolds, respected residents of Lone Pine, celebrated their golden wedding anniversary at their home Saturday.

Mr. and Mrs. Reynolds were married July 19, 1874, the ceremony being performed by Rev. Campbell Jobes, who at that time was pastor of the Lone Pine Christian church. Rev. Mr. Jobes is still living. Many friends gathered at their home Saturday to pay their respects and they received numerous gifts in honor of the occasion.

Four of five children born to Mr. and Mrs. Reynolds are living, two, Mrs. Bessie Blake, of Amity, and Preston J. Reynolds of Lone Pine, being present. Mrs. J. S. McBride, of Seattle, Wash., and C. Reed Reynolds, of St. Marys, Idaho, were unable to be present. One son, Willie R. Reynolds, is dead.

Four generations were represented at the gathering. Grandchildren in attendance were: Mrs. Nellie Blake Cary, of Dunns Station; Donald Blake, of Washington; Mrs. Iverna Blake, Hoover, Sara Blake of Amity; and Ray and Wade Reynolds of Lone Pine.

Great grandchildren present were: Jessie Jackson, Dorothy Jackson, James and Betty Jackson, Mildred, Jean, John and Bessie Carey and Robert Blake.

Among the friends and relatives attending were Mr. and Mrs. W. W. Paul and Lillian Paul of Lone Pine; Mr. and Mrs. Irwin Curry and Mr. and Mrs. Marion Knestrick of Lone Pine; Sada Riggle of Washington; Mrs. Mattie Howl of Chestnut Ridge; Mr. and Mrs. J. W. Moninger, of Lone Pine; Mrs. Nettie Lee, of Washington; Mrs. Don Blake, Mrs. Preston Reynolds, Earl Jackson, Miss Pearl Closser, Stephen Hoover and Miss Elizabeth Dukate.

The American department store [illegible] who won the [illegible] race at Paris must have been a "counter-jumper" of extra parts and energy from the very outset.

## CHANT OF DEATH IS SOUNDED BY ROBERT E. CROWE

Chicago, July 22—"They deserve to hang!

"They shall hang!

"They must hang!"

This is the chant of death of State's Attorney Robert E. Crowe—a chant which he insists he will carry on until Nathan Leopold and Richard Loeb, slayers of 14-yearold Robert Franks, mount the gallows.

Crowe, his long pugnacious jaw set hard, his bead-like eyes flashing through his glasses told the United Press today he will spare no effort until the youthful slayers are given the death sentence. He is calling 100 state witnesses and his entire staff of alienists and assistant prosecutors to show that the boys were and are sane, "and prove it so conclusively" that Chief Justice John R. Caverly of the criminal court "will have no other recourse than to impose the sentence of death on the defendants," who yesterday entered pleas of guilty to murder and kidnapping.

**Produce Petroleum Products.**

By decomposing raw material and then allowing the products to be acted upon by hydrogen, an investigator has succeeded in producing petroleum products from vegetable oil thus obtained.

**New Industry in Crabs.**

A new industry is expected to spring up on the Pacific coast as the result of the invasion of Alaskan waters by the king crab formerly only found in merchantable quantities near Japan.

**Willie Willis.**

The Sunday school teacher asked little Willie Willis to name the prophets last Sunday, and he said he couldn't remember any of them except Jonah and the whale.

***Word Not Always to Be Taken Literally***

An intangible thing is literally a thing which cannot be touched, an article on which you cannot lay your finger.

The word is related to the word "tango," in which dancers closely touch each other—too closely, in fact. [illegible] particle of negation, "in," gives "intangible" the opposite sense.

The thing that cannot be touched or have a finger laid on it is not always a material object. It is sometimes a mental or a moral quantity, such as an argument.

Some of the most impressive things in the world are intangible, but that does not mean that they are not real.

You cannot touch, for instance, one of the most beautiful things in nature, such as a glorious sunset. But it is none the less real.—Chicago Journal.
